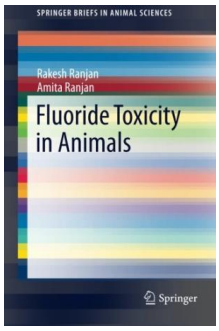
FLUORIDE TOXICITY IN ANIMALS (SPRINGERBRIEFS IN ANIMAL SCIENCES)



Springer. Paperback. Condition: New. 150 pages. This book describes in detail various aspects of fluoride toxicity in animals. Animals, like human beings, suffer from the toxic effects of excess fluoride intake. They show pathological changes in their teeth and bone, together with a marked reduction in appetite, productive and reproductive potentials, which can result in severe economic losses in the dairy industry. Laboratory and wild animals also suffer from this ailment. Animal suffering and economic losses alike can be minimized...
