Thomas Nelson Publishers, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Pastor and popular blogger, Ron Edmondson exposes some of the common misunderstandings of leadership through stories from his own experiences, helping leaders develop healthier patterns of individual leadership. Being a leader involves much more than holding a title. And simply having a leader doesn't ensure success. This reality has never been more prevalent in the church than now, when so many churches are considered to be plateaued or dying. Pastor and popular blogger, Ron Edmondson believes this is due to a misunderstanding of what leadership is and what it isn't. In his work with hundreds of pastors and churches, the most common need he encounters is the need for more effective leadership in the local church. Seminaries may prepare pastors to preach, just as colleges may prepare teachers to teach, but who prepares pastors to lead? Simply stated: The church needs better leadership. In *The Mythical Leader*, Edmondson exposes some of the most common misunderstandings of leadership, shares stories from his own experiences, and will help church leaders develop healthier patterns to improve their individual leadership. While most people may have a preliminary understanding of many of these myths, they often are not lived out with a great degree of depth in the life of the church leader. Don't fall prey to these myths! If gone untreated they can be the very thing that prevents a good leader from leading well.
