Thanks to all your support and feedback *** --- The Story: History is a great big lie. Just open any book or talk to any history professor and they ll tell you that history is filled with nothing but glorious battles, great leaders, plagues, large fires, earthquakes, famous inventors, Egyptians and Louis Pasteur. This couldn t be further from the truth. History, in fact, is filled with a whole lot of nothing. Andrew Adams knows that only too well. He s an ordinary man living his life in the all too abundant and mundane spaces between those great moments. Just like all ordinary men he spends much of his life wondering what the point of it all is, struggling to form meaningful relationships or find his place in society. Andrew s life follows a daily routine much like that of many others: he wakes up, does the minimum required to get himself through the day - careful not to learn too much or create a lasting impression on anyone - and then goes back to bed. There s only one, ever-so-minor inconvenience that continually stands in the way of Andrew s ignorantly blissful life Time-travel....
