Createspace Independent Publishing Platform, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Starved revolves around the life of an ordinary seventeen year-old boy, Eugene. His life is changed forever when he becomes a vampire in a very unordinary way. He must learn to live as a vampire, graduate high school and keep his mother from finding out. He is clumsy and overweight and not what anyone would imagine a vampire to be. Throughout his trials of learning to adapt to his new lifestyle he makes some mistakes, some funny and some fatal. Normally used to watching TV and playing video games his life is now more exciting and difficult than he could have ever dreamed. Sneaking around feeding on blood and lying to his mother was not the kind of excitement he had hoped for his life. Unwittingly he attracts the attention of other vampires and they are not happy with him. One day his worst fear was talking to girls and gym class and the next it is dying from sun exposure and blood starvation. He is forced to live out his worst fear and best fantasy when he must spend time with a very attractive vampire named Margurite. Throughout his ordeal of becoming a vampire he actually makes some friends and learns something about his life, but not before making a lot of trouble for himself. Starved is different and unique when compared to what other books are available in the vampire genre. Its content should be entertaining and suitable for most young adult readers, as well as a quick exciting read for adults.
