Reaktion Books. Paperback. Book Condition: new. BRAND NEW, Cat, Kay Rogers, "Cat" traces the relationship between humans and the cat from its original domestication in ancient Egypt c. 2000 BC, where it enjoyed high status, through its centuries as a mere utilitarian rodent catcher, its gradual acceptance as a charming and amiable pet, and its present status as a companion on a par with the dog. "Cats" spread from Egypt, reaching Britain by the fourth century BC and Japan by about the seventh. They were immediately appreciated in Japan, but in the West they were regarded as harmless and necessary at best, and, at worst, as convenient targets for abuse. Finally, in late-seventeenth-century France, an aristocratic coterie began to make much of their pet cats. In the eighteenth and nineteenth centuries, people of all classes came to appreciate cats as companions, and now there are more pet cats than pet dogs in both the UK and the USA. Long before people valued cats as companions, however, they recognized something special about them. Cats' ease of negotiation in the dark, their silent movements, their self-detachment even as they live in our homes, their refusal to defer to humans, seem to indicate strange, even supernatural powers. At first these attributes seemed sinister, but for later cat lovers they add to the animals' fascination. They have inspired writers from Poe to Lewis Carroll to imaginative creations. But cats can also be the embodiment of a happy home and good friends, whether they sustain a lonely old woman like Hall's Fraulein Schwartz or chat pleasantly with an old man in Murakami's *Kafka on the Shore*. The peculiar fascination of the cat, indeed, is the diversity of images it projects sweet and ferocious, affectionate and independent, elegant and earthy, cosily domestic and eerie. This book...
