HALSEYS TYPHOON THE TRUE STORY OF A FIGHTING ADMIRAL, AN EPIC STORM, AND AN UNTOLD RESCUE

DOWNLOAD

HighBridge Company. No binding. Condition: New. Dimensions: 5.8in. x 5.1in. x 1.1in. A gripping true account of courage and survival at sea against impossible odds and one of the finest untold World War II sagas of our time. In December 1944, while on a mission to support MacArthur's invasion of the Philippines, Admiral William Bull Halsey unwittingly steered his fleet of 170 ships into the teeth of a massive typhoon. The storm ultimately inflicted twice as much destruction and loss of life as the Battle of Midway, but Navy brass suppressed the scope of the disaster so as not to compromise the American advance on Tokyo. After the ensuing Court of Inquiry, Halsey never spoke again of the disaster. It is only now, thanks to documents declassified sixty years after the events and scores of firsthand accounts from survivors, that the story finally has been told. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Audio CD.
