## BOY (HARDBACK)

[DOWNLOAD](#)

Vertical Inc., United States, 2007. Hardback. Condition: New. Language: English . Brand New Book. Internationally renowned film auteur Takeshi Kitano has been applauded for his challenging portrayals of manhood and men, most notably rogue gijures. Discerning fans of his cinematic oeuvre, however, have also appreciated the lyrical sensibility that infuses even his most violent works. In *Boy*, Kitano's essential vision is filtered through crystalline prose and the prism of childhood; the result is a gem of memory and nostalgia. While his impressive cinematic output has been compared to, and introduced to the American public by, Quentin Tarantino and the like, Kitano's equally delightful gift for pure word-craft has been a better-kept secret of his native Japan. This first American translation of his literary fiction illustrates the notion of boyhood that has underlain all his work--as well as that of many a creator valuing generous and bold invention. The three stand-alone tales take place at early, middle and late adolescence. In *The Champion in a Padded Kimono* two brothers--one a bookworm and the other a jock--learn a lesson or two about hope and desire on Sports Day. *Nest of Stars* features a different pair of brothers for whom stargazing becomes a poignant way of life. In *Okamesan*, a very young history buff goes on his first solo field mission to Kyoto where he runs into a girl from the wrong side of the tracks. Tender and funny, *Boy* is a perfect introduction to Kitano's world and a must-read for fans of the artist.
