Based on a wide variety of unusual and only recently available sources, this book covers the entire Cultural Revolution decade (1966-76) and shows how the Cultural Revolution was experienced by ordinary Chinese at the base of urban and rural society. This approach offers a more fruitful way to understand the Cultural Revolution and its historical legacies. The book provides a new look at the student Red Guard movements, the effort to identify and cultivate potential revolutionary leaders in outlying provinces, stubborn resistance to campaigns to destroy the old culture, and the violence and mass killings in rural China.
