White Star Press, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This time the job is personal . . . Tie-in to the series that shows where Ritter was those two missing months after The Change. In and out. Do the job. Renegade Blaze Vincent has survived years with this motto. Barely. Plucked from death s door and revived repeatedly with curequick, he s developed an addiction that threatens to destroy everything he s worked for. Now the Emporium is buying fields around a tiny Portuguese town, and mortals-Blaze s countrymen-are dying. Blaze and his partner, Kenna Murray, are determined to unravel their enemies intentions before the entire town is lost. But things tend to explode when Blaze is around. Literally. And to save his people, he must be willing to take yet one more step over the edge. Please Note: Set Ablaze is not as long as the books from Erin s viewpoint. This tie-in to the series and can be enjoyed at any time. However, between The Change (Unbounded Book 1) and The Cure (Unbounded Book 2), Renegade Ritter Langton disappears for two months. Set Ablaze fits between those books in the Unbounded timeline, giving us a glimpse into what Ritter was doing. Keep in mind this novella ISN T ABOUT RITTER, but tells the story of someone very close to him. Because readers are not made aware of Ritter s whereabouts until nearly the end of The Cure, readers may better appreciate Set Ablaze after reading the first two books. If you ve enjoyed the Unbounded series, you will love this extra peek into Ritter s family. Praise for the UNBOUNDED series: Excellent and well written! I recommend reading the entire series Thoroughly enjoyable High action and adventure Teyla Branton...
