

Boosting Microenterprise Growth. The Importance of Human Capital and Microentrepreneurs' Characteristics

By Leon Freytag Von Loringhoven

GRIN Verlag Jul 2016, 2016. Taschenbuch. Condition: Neu. Neuware - Project Report from the year 2016 in the subject Economics - Economic Cycle and Growth, grade: 1,0, Quest University Canada, language: English, abstract: Our study, despite general doubts, aims to deliver answers to how exactly growth of microenterprises is possible. Our proposed experiment combines different aspects of recent studies that found positive effects on growth. We thus want to set our study in the context of a larger, new strategy in development economics, proposed by Banerjee and Duflo in 'Poor Economics': 'the accumulation of a set of small steps, each well thought out, carefully tested, and judiciously implemented'. Through a global economic perspective, it is striking that some countries are very rich and some countries are very poor. In order for poor countries to catch up, their economies have to grow. This growth can be generated through foreign companies in developing countries or firms run by local elites. However, these comprise the dangers of profits not staying in the country and of strengthening corrupt of oppressing elites. An alternative way lies in the generation of growth of very small enterprises. The incomes they generate are more likely to reach the...
