Brand New Book ***** Print on Demand *****.The hair can generally be seen as a covering which grows on the scalp of the head; the skin and virtually any part of the body with the exception of, the palm of the hands and underneath the feet for obvious reasons so to say. However, the hair comes in different colors and length depending on your race. Meanwhile, let me say that the focus of this book will be on hair growth, hair loss, which is often referred to as alopecia and its various treatments. Factors Affecting Hair Growth: Well, we all know one way or the other, we all have to lose some hairs, but besides that currently, hair loss is a common problem since hair is considered as a plus that boosts a persons physical looks; therefore, this is one thing that many people will like to correct in a flash. However, there is no magic wand or spell for growing a healthy hair. You must understand that the hair typically grows around a half of an inch on a monthly basis. Conversely, your overall health and general well-being including your gene will no doubt play a great role in how fast your hair grows. Therefore, it is only logical that a healthy hair growth can simply be achieved by eating the right things including taking good care of your hair as a matter of priority. To achieve that you can even decide to go natural by applying some types of herbs to your hair, but the bottom line is to pinpoint every fundamental issues that may be adding to hair problems and combat them as a matter of urgency...
