Reviews

This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.

LISTEN TO THIS, BOOKS A LA CARTE EDITION (2ND EDITION)

Pearson, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Listen to the music. Hear the elements. Expand your playlist. The first edition of Listen to This struck a chord with professors and students with its powerful message of listen to the music, hear the elements, and expand your playlist! Professors at over 160 institutions across the country selected Listen to This for their music appreciation students. And 70% decided to offer MyMusicLab to their students as the source for streaming audio and an interactive learning environment to improve their students' listening skills. Listen to This was created for today's students. It will expand your students' playlist with its listening-oriented approach and the integration of the musical elements. For the professor, it provides a customizable, modular format that gives you the flexibility to design your ideal music appreciation course. Listen to This also encourages students to explore history, culture, and musical styles through active listening, not just through passive reading. By concentrating on the elements of music, students develop the ability to connect earlier music with their own music. Praised by students and instructors alike for its engaging writing style, stunning design, and flexible format, this text will instill a life-long appreciation and understanding of music in your students by expanding their playlist today! What are instructors saying about Listen to This and MyMusicLab? "The focus is on the music! The musical elements and historical understanding are an outgrowth of the music, rather than the music becoming examples of the elements and history." - Janet Barnard, Clovis Community College "Students expect rich web support for their textbooks, and MyMusicLab is exquisite support, especially the guided listening feature." - Dominic A. Aquila, Schoolcraft College And what do the students think? "I liked the needle-drop..."
