

We Have No Idea: A Guide to the Unknown Universe (Hardback)

By Jorge Cham, Daniel Whiteson

Hodder Stoughton General Division, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. This witty book reveals the humbling vastness of our ignorance about the universe, along with charming insights into what we actually do understand. Carlo Rovelli, author of *Seven Brief Lessons on Physics* and *Reality Is Not What It Seems* in our small corner of the universe, we know how some matter behaves most of the time and what even less of it looks like, and we have some good guesses about where it all came from. But we really have no clue what's going on. In fact, we don't know what about 95% of the universe is made of. So what happens when a cartoonist and a physicist walk into this strange, mostly unknown universe? Jorge Cham and Daniel Whiteson gleefully explore the biggest unknowns, why these things are still mysteries, and what a lot of smart people are doing to figure out the answers (or at least ask the right questions). While they're at it, they helpfully demystify many complicated things we do know about, from quarks and neutrinos to gravitational waves and exploding black holes. With equal doses of humour...
