Tips on Autism: A Daily Help

By Robert McCormack, Dr Robert MC Cormack

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Autism is one of the world s most extensively studied pervasive development disorders. However, despite widespread studies on its different aspects, there is little overall understanding of its causes and potential cures. Often sufferers of autism display tremendous cognitive abilities, which have led some to assert it is simply a difference from the norm rather than a disorder. Nevertheless, people suffering from autism, particularly more advanced and aggressive autism-related disorders frequently require the help of parents and caregivers to carry out their daily functions. This books aims to enlist a comprehensive number of effective tips to help parents and caregivers take care of those who have autism.
