Mercury Learning Information, United States, 2017. Mixed media product. Condition: New. 2nd edition. Language: English . Brand New Book. This revised text is designed to demonstrate the process of converting static images to an effective animation of characters and effects. Unlike many of its competitors, Storyboarding uses the accompanying DVD to show the storyboards in conjunction with a final short film and script. Material on game scripting, Motion Graphics, and Web comics has been added. The text and tutorial disc take an in-depth view on the step-by- step process for developing characters, scenes, and camera angles through the full production of a finished project. The book includes numerous techniques for analyzing scripts, provides a comprehensive look at the various types of storyboards, and covers methods used in both film-making and video game storyboards.
