Hibbert Stiles Publishing Inc., United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****. Something old, something new, something borrowed, something blue. At the heart of every human being is the need--and the desire--to be happy. For many, happiness is elusive, but for one killer, it s something to be created. But it s not as easy as it seems at first, and this creator is determined to get it right at least one more time, no matter how many tries it takes . It s been exactly a year since Cheryl Bradley was found dead in her bathtub, dressed in a wedding gown with her ring finger severed. With no leads and no more evidence, the case had gone cold. That is, until another young woman is found murdered and posed in the same fashion. Now, FBI agent Brandon Fisher and his team have been called in to catch the killer before another innocent life is taken. As Brandon begins to pull at every possible loose thread, the idea that the killer s method of operation is all that connects the women begins to unravel. This serial killer isn t just out for blood; this is a murderer on a mission. But the closer Brandon thinks he s getting to a resolution, the more evident it is that the killer is losing control and slipping up, making the trail even more difficult for the FBI to follow. And unless Brandon and his team can catch up to the killer, the bloodbath will continue to overflow.
