Reviews

A really awesome publication with perfect and lucid reasons. I was able to comprehend every thing using this published e pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

WHITE IDENTITIES: A CRITICAL SOCIOLOGICAL APPROACH

[DOWNLOAD](#)

Pluto Press. Paperback. Condition: new. BRAND NEW, White Identities: A Critical Sociological Approach, Simon Clarke, Steve Garner, The study of white ethnicities is becoming increasingly important in the social sciences. This book provides a critical introduction to the topic. Whiteness has traditionally been seen as "ethnically transparent" - the marker against which other ethnicities are measured. This analysis is clearly incorrect, but only recently have many race and ethnicity scholars moved away from focusing on ethnic minorities and instead oriented their studies around the construction of white identities. Simon Clarke and Steve Garner's book is designed to guide students as they explore how white identities are forged using both sociological and psycho-social ideas. Including an excellent survey of the existing literature and original research from the UK, this book will be an invaluable guide for sociology students taking modules in race and ethnicity.
