

Interior Design Using Hand Sketching, Sketchup and Photoshop (Paperback)

By Steven Mcneill

SDC Publications, United States, 2011. Paperback. Condition: New. Pap/Cdr ed.. Language: English . Brand New Book. This book is designed for the interior designer wanting to use hand sketching techniques, Google SketchUp, and Adobe Photoshop together to create beautiful designs and presentations. This book will teach you how to come up with fresh new design ideas and how to save time by using these powerful tools and techniques. This book presumes no previous experience with any of these tools and is divided into three sections. In the first section you will learn to use SketchUp and Photoshop starting with navigating the interface and then learning their features. In the next section you will learn hand sketching techniques and how to combine these with digital tools. In the last section of the book you will complete an interior design project leveraging the tools and techniques you learned in previous chapters while learning a few new techniques along the way. The first two chapters cover computer basics, including managing files and knowing your way around the operating system. The next three chapters introduce the reader to SketchUp, an easy to use 3D modeling program geared specifically towards architecture. Chapters six and seven...

Reviews

Definitely one of the better ebook I have possibly read through. It usually will not charge excessive. You wont feel monotony at anytime of your own time (that's what catalogues are for regarding if you check with me).

-- Prof. Jean Dare

This type of publication is every thing and got me to seeking in advance plus more. I was able to comprehended every thing out of this created e ebook. I am easily could possibly get a satisfaction of reading a created ebook.
