Reviews

A fresh e-book with a brand new point of view. It really is packed with knowledge and wisdom. It's been designed in an exceedingly simple way and is particularly simply following. I finished reading this publication through which actually modified me, alter the way I really believe.

The Blackburn Press, United States, 2001. Paperback. Book Condition: New. 226 x 150 mm. Language: English Brand New Book ***** Print on Demand *****.Here reprinted, this is a classic of the canid literature. Originally published in 1978, *Coyotes: Biology, Behavior and Management* pulled together much disparate research in coyote evolution, taxonomy, reproduction, communication, behavioral development, population dynamics, ethology and ecological studies in the Southwest, Minnesota, Iowa, New England and Wyoming as well as studies on livestock damage and research on other canids. At its best in those chapters that draw together widely dispersed information. *Science* 202, pp. 424 The book presents an abundance of useful tabular material and cites a great majority of the most significant literature. It is a work that no serious student of the subject can afford to be without. *BioScience* 29, pp. 312 A most welcome comprehensive review of coyote research and an introduction to the far-flung literature. *Journal of Mammalogy*, 60, pp. 658 I recommend this book to everyone interested in coyotes and the current controversies surrounding this extremely successful predator. A thorough understanding of this animal is crucial and this book is surely a step in the right direction. *J. Wildlife Management* 43, pp. 279 Marc Bekoff is Professor of Biology at the University of Colorado, Boulder, and is a Fellow of the Animal Behavior Society and a former Guggenheim Fellow. He recently was awarded the Exemplar Award from the Animal Behavior Society for major long-term contributions to the field of animal behavior. Marc is also regional coordinator for Jane Goodall's Roots Shoots program. He and Jane have recently co-founded the organization Ethologists for the Ethical Treatment of Animals: Citizens for Responsible Animal Behavior Studies (Marc also is on the Advisory Board for the conservation organization, SINAPU, and is part of the...
