However, more experienced UNIX system users will find the later chapters and Part II to be useful sources of information on such subjects as Shell programming and system administration. This book is practical because it uses tutorial examples that show what you will see on your screen each step of the way. It is a guide because it takes you from the logging on your system through the writing of complex Shell programs to system administration. Part II is a reference guide to 64 UNIX utilities. Has preface, table of contents, and index."; 9.10 X 6 X 1.20 inches; 600 pages.
