Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

FURTHER STUDIES IN THE LESSER-KNOWN VARIETIES OF ENGLISH (HARDBACK)

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2015. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This volume follows on from *The Lesser-Known Varieties of English* (Cambridge University Press, 2010), by documenting a further range of varieties that have been overlooked and understudied. It explores varieties spoken by small groups of people in remote regions as diverse as Malta, Bermuda, the Netherlands Antilles, Brazil, the Cook Islands, and Palau. The varieties explored are as much a part of the big picture as major varieties and it is the intention of this collection to spark further interest in the sociolinguistic documentation of minority Englishes in a postcolonial world. Language endangerment is a very real factor for the vast majority of lesser known varieties of English, and this book aims to highlight that documentation and archiving are key initial steps in revitalization and reclamation efforts. This book will be of interest to historians of English, and scholars in dialectology, language birth and death, language contact, typology, and variation and change.
