A PhD is a marathon of writing, thinking, getting it wrong, making breakthroughs, but with the ultimate aim to reach the crowning glory of being called a doctor , with the hope that it will bring the start, or the enhancement of a career, usually in academia. Writing a PhD, however, does not just come with the challenges of writing, but it is accompanied with life s challenges, therefore, writing a PhD inevitably ensures that you reflect on life, in what you have gained and in what you have lost or not had. This book is a collection of villanelles that reflect on a lost childhood of not being in Wales, a hiraeth, a yearning and a nostalgic feel for the land of my fathers .
