Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Accounting for Retail Music Stores The following accounting system report is the result of suggestions made by the Music Industries Chamber of Commerce two years ago to the business schools of several leading universities and colleges, to the effect that the need in the music trade for a more general use of proper accounting methods presented an unusual opportunity for research and investigation. At the Amos Tuck School of Dartmouth College, Mr. M. W. Newcomb of the Class of 1922 and Mr. E. D. Smith of the Class of 1923 made such investigations under the supervision of Professor Archie M. Peisch, Certified Public Accountant, of the Amos Tuck School Faculty. The results of this work were so gratifying that at the further request of the Chamber, the Tuck School offered to co operate in the preparation of an accounting system which could be recommended for use by retail music merchants.
