

A Short History of Wisconsin

Filesize: 9.42 MB

Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Wisconsin Historical Society Press, United States, 2010. Paperback. Book Condition: New. 200 x 138 mm. Language: English . Brand New Book. Rediscover Wisconsin history from the very beginning. A Short History of Wisconsin recounts the landscapes, people, and traditions that have made the state the multifaceted place it is today. With an approach both comprehensive and accessible, historian Erika Janik covers several centuries of Wisconsin's remarkable past, showing how the state was shaped by the same world wars, waves of new inhabitants, and upheavals in society and politics that shaped the nation. Swift, authoritative, and compulsively readable, A Short History of Wisconsin commences with the glaciers that hewed the region's breathtaking terrain, the Native American cultures who first called it home, and French explorers and traders who mapped what was once called Mescousing. Janik moves through the Civil War and two world wars, covers advances in the rights of women, workers, African Americans, and Indians, and recent shifts involving the environmental movement and the conservative revolution of the late 20th century. Wisconsin has hosted industries from fur-trapping to mining to dairying, and its political landscape sprouted figures both renowned and reviled, from Fighting Bob La Follette to Joseph McCarthy. Janik finds the story of a state not only in the broad strokes of immigration and politics, but also in the daily lives shaped by work, leisure, sports, and culture. A Short History of Wisconsin offers a fresh understanding of how Wisconsin came into being and how Wisconsinites past and present share a deep connection to the land itself.
