Abhinav Publications, New Delhi. Hardcover. Condition: New. First Edition. 336pp. The book begins by re-examining the imagery of the Vedas and the Upanisads, highlighting some aspects of early speculative thought which influenced the enunciation of aesthetic theories, particularly of Bharata in the Natyasastra. The next chapter introduces a new methodology of analyzing the rituals (yajna) as laid down in the Yajurveda and the Satapatha Brahmana, the best way to focus the relationship between the text and the practice. Four chapters follow ? one each on drama (natya), architecture (vastu), sculpture (silpa), and music (sangita). Each presents some fundamental concepts of speculative thought, concerned with each of the arts and purposefully correlates these with actual examples both of the past and the present.
