## LIMNOLOGY STUDY ON BARADA BANDHARAN WETLAND OF KODINAR-GIRSOMNATH

Limnology study on Barada  
Bandharan Wetland of  
Kodinar- Girsomnath

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Wetland ecosystems are among the most productive ecosystems in the biosphere.its receive surface water inputs from streams (surface run off), precipitation, overland flow and subsurface water inputs from surface infiltration.These different inputs are important to wetland productivity because they contain markedly different quantities of transported nutrients and organic matter . Wetlands are recognized as ecosystems that harbor high biological diversity, provide sustenance for millions of people and face ongoing threats as results...
