Wilder Publications, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Moving the Mountain is the first book in Charlotte Perkins Stetson Gilman s well known trilogy. The second book in the trilogy is her land mark classic Herland. Moving Mountain delivers Gilman s program for reforming society. She concentrates on measures of rationality and efficiency that could be instituted in her own time, largely with greater social cooperation - equal education and treatment for girls and boys, day-care centers for working women, and other issues still relevant a century later. Yet Gilman also allows for technological progress: electric power is the motive force in industry and urban society, power generated largely by the tides, wind-mills, water mills, and solar engines. Wilder Publications is a green publisher. All of our books are printed to order. This reduces waste and helps us keep prices low while greatly reducing our impact on the environment.
