SPIRIT: A SUPERNATURAL LIFE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. A 30 year journey with Spirit into the paranormal, exorcism, healing, miracles, prophesy and out of body experiences. FIVE STARS I really enjoyed reading this book even though I am pretty much a skeptic when it comes to supernatural things (despite the fact that I am a strong believer in God). I find it ironic (or is it?) that I just happened across this book two days after laying in bed thinking about the stories that I have heard about things like astral projection and the like and the many stories that I have heard others tell of supernatural or out of body experiences and even nighttime visits from deceased loved ones. even visits from Jesus. and talking to God about it, as I laid there thinking about my (deceased) daughter, and thinking about other people who I haven t seen is a very long time and wondering whether or not such things are really possible. I m still a skeptic. but I know I have no reason to doubt the genuineness of other people s experiences, just because they are not my own. And as impossible as some things might seem, I know that impossible things happen all the time. :) FIVE STARS! Great read about the amazing, real-life experiences not easily explained by the human mind. The author is easy to relate to, yet his connection to that which is beyond is inexplicable. .will keep you spellbound from page 1! FIVE STARS! I finished reading your book a week ago. Something that I can only describe as the Holy Spirit has come to me every night since. I am ecstatic! It is my most sincere wish that...
