Lulu.com, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Why would God take man from the earth (that seemed a veritable garden itself) and move Adam to another garden? Who were the sons of God in Genesis Chapter Six that procreated with the daughters of men and produced the giants of old? It s thought the 666 number of the beast is the only mark mentioned in the NT Bible but there is another. Long considered junk material in many Christian circles (if acknowledged at all) it will come as a surprise that some of the Pseudepigrapha books are comparable to the Bible. There can be no other explanation but that the same entity that authored the Bible first inspired the amazing books of Adam and Eve and Book of the Secrets of Enoch (and there are other books as well). Without these forgotten books it would be impossible to solve the many mysteries of the Genesis puzzle. Additionally other secrets would remain forever hidden but with these books the Bible takes on new life and will never be the same again.
