# ENERGY SOURCES AND POLICIES IN INDIA

New Century Publications, New Delhi, 2011. Hardcover. Book Condition: New. First. 19 cms. 366pp. India is both a major energy producer and consumer. It currently ranks as the 7th largest energy producer in the world, accounting for 2.49 percent of the world's total annual energy production. It is also the 5th largest energy consumer in the world, accounting for 3.45 percent of the world's total annual energy consumption. However, owing to its massive population estimated presently at 1.2 billion which accounts...

## Reviews

*This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.*

-- **Estrella Howe DVM**

*Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Mrs. Bridgette Rau MD**
