CONSUMER HEALTH INFORMATICS: INFORMING CONSUMERS AND IMPROVING HEALTH CARE

Springer. Hardcover. Condition: New. This item is printed on demand. 280 pages. According to the Pew Foundations Internet in American Life Study, over 60 million Americans per year use the Internet to search for health information. All those concerned with healthcare and how to obtain personally relevant medical information form a large additional target group. Many Medical Informatics programs both in the United States and abroad include a course in Consumer Health Informatics as part of their curriculum. This book, designed for...
