After analyzing the defensive alignment, he doesn't hesitate to change the call at the line of scrimmage. Good quarterbacks are, without a doubt, managers on the field; they analyze everything and make smart decisions under pressure. These same characteristics are required to be a successful company manager or owner. Van W. Cuthrell, who has excelled as a quarterback, coach, and business owner, shares the lessons he's learned over a career of managing on and off the field. You'll learn why enthusiasm, competition and discipline are important to any organization; how regular practice leads to winning; ways to get the right players on your team; and communication skills that will drive success. Establishing a game plan is critical if you want to call the right plays and succeed. Your plan must have vision and ambition, and it must excite and motivate your employees.
