Bro. J. Ross Robertson, in Collecting Pictures for Masonic History Hunting for the proverbial needle in an upto date haystack is child s play compared with a search for pictures with which to illustrate history - especially Masonic history. Not that illustrations are necessary to hold down a reader s attention in any subject-but ordinary readers are so human - so very human. They want all the good things in sight. At a hotel they eagerly scan the bill of fare for the side dishes of the artist in cooking. If they open a book they seek just as eagerly in the chapters of letter press for the interleaved illustrations that are served up by the artist in half-tone. The entrees of th chef satisfy the physical, the half-tones of the picture-maker the mental taste. Besides, pictures fix in the memory much that might without them pass into oblivion.
