

Math Pep Talk for College Students: Who Would Rather Quit or Die First Than Take a Math Class (Paperback)

By Susan Devine Napoli

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I can't believe you would let a math class stop your dream. Okay, more than one math class. Who's counting? You are. See, you are doing math already. Your dream matters. It really does. You are at a place in life where a decision like this changes things. It matters a whole lot. Come along and get yourself ready to take a math class. We have some work to do before you enroll. You won't be doing any math computations in this book, no story problems to work and no formulas to learn. Just a long look at what you are missing out on if you don't. Put down your paper and pencil. Put away your calculator. Let's talk. It is going to be okay. You dream is worth it. You can't, you say? You are one of those creative, spiritual, intuitive folks? Yes we all have our preferences and interests. Being right-brained is not as bad a thing as people might tell you. You need these math tools for your dream. No dream can exist...
