Producing Divine Fruit is a book written to inspire the reader to look within themselves and begin to develop the abilities of the indwelling spirit. The book promotes a way a living based on Universal law and the concept of cooperation as opposed to competition. It promotes the idea that all men are brothers in the spirit of The Universal Father. And that this spirit is the only thing that is truly real. The main theme of the book focuses on the undeveloped powers that lie within us all. Which if developed will lead not only to the fulfillment of all your dreams but will also lead to an evolutionary leap in consciousness and a change in the way we as humans live. Because our world can only get better if we get better one by one. It starts with you. It does not and cannot answer all the questions concerning who we are and why we are here. But it prods the reader to begin to ask these questions and prompts the reader to find the answers for themselves. It promotes looking within to discover the answers to life s questions and problems. The book discusses the meaning of words such as destiny, fate and passion. And how these concepts are perceived by us as human beings. In an effort to awaken the mind and enliven the spirit. The book also discusses other concepts and shows examples of living people and situations intended to give the reader pause in an effort to consider other points of view. Not as a means of singular truth but as an inspiration to encourage individual spiritual development and tolerance for other belief...
