## The Human Population Tsunami: How It Could Be Managed

By Martin Jacoby

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 320 pages. Dimensions: 8.0in. x 5.2in. x 0.7in. THE HUMAN POPULATION TSUNAMI is about facts: facts and the deductions that can be drawn from them by logical thought. It is not about emotions or rules, though it looks at how both influence our thinking. The book's basic premise is that there are no mysteries only things we don't yet understand. With this in mind, concepts like individuality, mortality and immortality become surprisingly simple. We need to understand what they really are if we are to make rational decisions about our future. To overcome the mental barriers we throw up to protect ourselves against painful reality, this book describes how they evolved and what were their original survival values. To do this, it outlines the chain of events that led from Big Bang (if such an event ever occurred) to your consciousness as you read these lines. There is no evidence for a break in that sequence of physico-chemical changes. Such a notion gives confidence in proposing how we could manage the fast-approaching population tsunami. Though these measures are unacceptable to feelings and rule-books such as holy...
