Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Drawing on the work of prominent theologians, this book explores the biblical feasibility of a position known as Evolutionary Creationism. It is most similar to Ken Miller's Finding Darwin's God and Denis Alexander's Creation or Evolution. As a college professor, Dr. Bauer has met too many students who feel they have to keep their biology in a different part of their brain, or worse, tell him they have decided to walk away from the Christian faith over this issue. Neither of these responses is acceptable. This book is unlikely to change the mind of a person who is positive they have all of the answers to this issue already. That does not mean it is not worth a read. Several pastors and scientists from a variety of denominations and disciplines, respectively, reviewed the manuscript prior to publication. [Material modified from the Back Cover] For nearly 200 years the natural creation has revealed that life was created by the process of biological evolution. Some claim that these discoveries contradict the Bible's creation accounts. This cannot be. Since God reveals Himself both through the Bible and through the creation, the two must complement each other. It is our job to adjust those interpretations so that we can understand the whole revelation. When apparent conflicts arise, it is not the sacred Scripture or the scientific data that are at stake, but rather limited human interpretations of those two revelations. The Bible tells us that God is the Creator. The creation tells us that biological evolution really takes place. Consequently, we can conclude that God has actually created an evolutionary creation. While this is not the first book...
