Pearson Education Limited, United Kingdom, 2017. Mixed media product. Condition: New. 13th edition. Language: N/A. Brand New Book. For courses in introductory statistics.This package includes MyStatLab (TM). A Contemporary Classic Classic, yet contemporary; theoretical, yet applied-McClave Sincich s Statistics gives you the best of both worlds. This text offers a trusted, comprehensive introduction to statistics that emphasizes inference and integrates real data throughout. The authors stress the development of statistical thinking, the assessment of credibility, and value of the inferences made from data. This new edition is extensively revised with an eye on clearer, more concise language throughout the text and in the exercises. Ideal for one- or two-semester courses in introductory statistics, this text assumes a mathematical background of basic algebra. Flexibility is built in for instructors who teach a more advanced course, with optional footnotes about calculus and the underlying theory. This package includes MyStatLab, an online homework, tutorial, and assessment program designed to work with this text to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts. MyStatLab should only be purchased when required by an instructor. Please be sure...
