He had obtained my passport, and engaged a carriage to convey me about eight miles, where I should overtake the diligence-such a mode of travelling being judged more likely to favour my escape, by attracting less attention than posting. It was past ten when I left the Rue St. Honore, having shaken hands with Trevanion for the last time, and charged him with ten thousand soft messages for the friends I left behind me. When I arrived at the village of St. Jacques, the diligence had not come up. To pass away the time, I ordered a little supper and a bottle of St. Julien. Scarcely had I seated myself to my cotelette, when the rapid whirl of wheels was heard without, and a cab drew up suddenly at the door. So naturally does the fugitive suspect pursuit, that my immediate impression was, that I was followed. In this notion I was strengthened by the tones of a cracked, discordant voice, asking in very peculiar French if the diligence had passed? Being answered in the negative he walked into the room where I was, and speedily by his appearance, removed any apprehensions I had felt as to my safety. Nothing could less resemble the tall port and sturdy bearing of a gendarme, than the diminutive and dwarfish individual before me.
