URBAN WIND ENVIRONMENT

Springer-Verlag GmbH Mrz 2018, 2018. Buch Condition: Neu. Neuware - In the context of urbanization and compact urban living, conventional experience-based planning and design often cannot adequately address the serious environmental issues, such as thermal comfort and air quality. The ultimate goal of this book is to facilitate a paradigm shift from the conventional experience-based ways to a more scientific, evidence-based process of decision making in both urban planning and architectural design stage. This book introduces novel yet practical modelling...
