Createspace, United States, 2013. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.It s an acknowledged fact that Communist Occupied Russia is terribly inept when it comes to advances in science and technology. The backward Soviets couldn t possibly have become a major military power without the help of the United States. No one really believes that a dictatorship incapable of even manufacturing a common light bulb could possibly create and build its own sophisticated missiles and high-tech weaponry! No one really believes that a dictatorship even incapable of producing an automobile could possibly create and build its own tanks, assault helicopters, and jet aircraft! America spends billions on defense in order to offset the USSR s advanced war-making capabilities. Ironically the Soviets would possess little if any of this without U.S. technology transfers and arms sales. There s absolutely no question about the correlation between American assistance and the military might of the Evil Red Empire. There is ample reason to believe that the Soviet Union as well as all of the slave bloc nations and Communist Occupied China were and still are deliberately being armed by the United States. American aid, trade, money and business dealings are the only things responsible for the Red dictatorship s ability to flex its muscles! All of this is well known by the highest ranking leaders in Washington! Yet, these same officials go to phenomenal lengths to hide these facts from the American people. All Americans should heed the words of retired Brigadier General Robert L. Scott, Jr.: Our threat is not from abroad. The danger is internal, and the solution can only be internal. Every American must accept responsibility for what is being done in his name. As Cicero once wisely...
