iUniverse, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As stone and ice shape the Sierra, forces at work in our own lives shape and transition the way we act and think. These forces--influential persons, spiritual or career junctures, or life-altering events--affect our present moments and futures. Stone and Ice, a collection of poems, describes and examines junctures and events through the eyes and mind of a genuine explorer. Poet Joseph Whitson s perspective of his surroundings, of people in his life and of specific events derives from a mix of his educational background in the sciences and his interests in backpacking, climbing, mountaineering and other adventures. The center of town becomes: Buildings pushed up from the ground In distorted contrivances of the earth, Persons at corners like billboards With something to sell, gurgling With the noise of the anger--this city. Poems of adventures transition into explorations of the awesome forces of nature or of the awesome powers of other persons. Quiet Sundays become surreal. A year of the poet s life becomes an abstract. Stone and Ice, as poem after poem unfolds into two or three levels of meaning, is the adventure!.
