Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you were born from 1946 - 1964 you re a Boomer. Like it or not. When I turned 60 I realized what it has meant, to us and to our Grandkids. I m still the same inside and I don t plan on changing. The things that have happened in our lives all this time are still as meaningful today as they were back then. So, what are we doing differently that really affects out points of view about the world as it is? Somehow, the older I get the more I find that I am doing things the way I used to. We don t forget, we are just out of practice. But, some things really bring it all back to life and nothing does it more than watching somebody s grandkid growing up. That s when you get to see that light in us all, once again. Shake it up, have fun, tell them what you used to do and how it used to be. They love it. Our kids tuned us out a long time ago but their kids really seem to get it. That s why I call ourselves, Groomers. The natural abbreviation of GR-andparent b-OOMERS. Groomin the little ones to be witty and wild. If you want to have a nice time thinking about it, then here is my offering. Take a little time for yourself and see how much you can remember about good times we had. It s a fun read. The two books are the same, only with the titles reversed. Choose the one you like best. Sixty From The Sixties or Boomers To Groomers. You can view the book trailer...
