Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from New York Stock Exchange Manual, Containing Its Principles, Rules, and Its Different Modes of Speculation: Also, a Review of the Stocks Dealt in on Change The Stock Exchange is a place of which one hears every day in the year and every hour in the day, and yet very few know anything of it, beyond the single fact that it is the place where all the transactions in stocks occur. The modern institution of exchanges dates more particularly from the 16th century in Continental Europe. The name Borse in German, Bourse in French, originated from the belief that the first gathering of the kind took place in the early part of the 16th century at Bruges, in Flanders, in the house of a family of the name of Van der Borse. According to another tradition, the first exchange was had at Amsterdam, in a house which had three purses hewn in stone over the gates, thus accounting for the use of the word Bourse. Previous to the latter part of the 16th century, the London merchants used to meet without shelter in Lombard street. Sir Richard Gresham, having seen the covered walks used for exchange abroad, contemplated erecting a similar building in London. The scheme was carried into effect by his son, Sir Thomas Gresham, who offered to erect a building if the citizens would provide a plot of ground.
