

## Predators: The CIA's Drone War on Al Qaeda

By Brian Glyn Williams

Potomac Books. Hardcover. Book Condition: New. Hardcover. 256 pages. Dimensions: 9.0in. x 5.9in. x 1.2in. Predators is a riveting introduction to the murky world of Predator and Reaper drones, the CIA's and U. S. military's most effective and controversial killing tools. Brian Glyn Williams combines policy analysis with the human drama of the spies, terrorists, insurgents, and innocent tribal peoples who have been killed in the covert operation—the CIA's largest assassination campaign since the Vietnam War era—being waged in Pakistan's tribal regions via remote control aircraft known as drones, or unmanned aerial vehicles. Having traveled extensively in the Pashtun tribal areas while working for the U. S. military and the CIA, Williams explores in detail the new technology of airborne assassinations. From miniature Scorpion missiles designed to kill terrorists while avoiding civilian collateral damage to prathrais, the cigarette lightersize homing beacons spies plant on their unsuspecting targets to direct drone missiles to them, the author describes the drone arsenal in full. Evaluating the ethics of targeted killings and drone technology, Williams covers more than a hundred drone strikes, analyzing the number of slain civilians versus the number of terrorists killed to address the claims of antidrone activists. In examining the future...
