Walker & Co, 1988. Paperback. Book Condition: New. Publisher: Thomas Allen & Son, Limited Date of Publication: 1988 Binding: trade paperback Edition: First Edition Condition: As New Description: Like New Essays by Western and Soviet scholars on the issue of ``new thinking about peace and war." On both sides the tone is urgent. The context is defined by the new themes of openness and transformation associated with General Secretary Gorbachev. Each participant has risen to the challenge of ``thinking globally," bearing in mind that human survival is at stake. For once these are not two solitudes bellowing at each other in Cold War terms. Perhaps inevitably, the chapters by Soviet participants seem the most interesting.
