The Second Amendment is the leverage the People of the United States maintain to keep those who would transform the representation entrusted to them into power over them. It is our shield and sword against tyranny and those that prey on the good and decent citizens. Without it, we are always but a single politician away from a dictatorship. To give up this right would mean ruin for our Republic and the extinction of the freedoms we the People enjoy. For this reason, the purpose of this booklet is to offer the common citizen the knowledge to defend the Second Amendment and our basic right to self-defense. This booklet shall serve as a tool of combat on the battlefield of ideas regarding the gun debate. My hope is other common citizens such as myself will gain the knowledge needed not only to defend the Second Amendment, but the Constitution as a whole.
