Cape Project Management, Incorporated, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This is not a book. It is the participant guide containing the slides and exercises for a two-day Product Owner and User Story training course which covers the key components of Scrum and addresses the role of the Product Owner on Scrum teams and how to effectively create and manage User Stories. The Product Owner role is critical to maximizing Return on Investment (ROI) from agile projects and is one of the most challenging and rewarding agile roles. Many Product Owners come from business areas of the organization and have limited familiarity with elements of software development, project management and agile methods that are critical to success in the Product Owner role. For these reasons, it is vitally important that Product Owners gain a solid understanding of their role and responsibilities as well as the knowledge, skills and tools to work effectively with Scrum teams. Please read this description before purchasing this guide and use the Look Inside feature from Amazon. These manuals which are part of the Agile Education Series developed by Dan Tousignant are the participant guides used in his public, onsite and virtual training classes worldwide. They are intended for those readers who are aspiring Agile trainers, Scrum practitioners, or those interested in previewing the courses. These guides are not stand-alone training materials, but are for those people interested in reviewing a well-designed, comprehensive Agile curriculum. These courses have taken hundreds of hours to develop and are constantly being improved upon and republished. Recently, the guides have been republished to include the exercise handouts and have also been published in color format to be seen on a Kindle Fire or iPad. If you are interested in purchasing the...
