

Black Sabbath: Symptom of the Universe: Symptom of the Universe (Hardback)

Filesize: 8.86 MB

Reviews

A must buy book if you need to adding benefit. I am quite late in start reading this one, but better then never. You may like just how the article writer compose this ebook.

(Prof. Elliott Dickinson)

BLACK SABBATH: SYMPTOM OF THE UNIVERSE: SYMPTOM OF THE UNIVERSE (HARDBACK)

St. Martin's Press, 2015. Hardback. Condition: New. Language: English . Brand New Book. Decades before reality television was invented, Ozzy Osbourne was subversive and dark. Ozzy was the singer in the heavy metal band Black Sabbath, and they meant business. In an era when rock bands were measured by how heavy they were, no one was weightier than Black Sabbath. All four founding members of the original Black Sabbath grew up within half-a-mile of each other in a tiny Birmingham suburb. Though all shared a deep love of music--The Beatles for Ozzy, the Mothers of Invention for Geezer, the Shadows and Chet Atkins for Iommi, and Gene Krupa for Ward-- they formed their group as the quickest way out of the slums. This is the story of how they made that dream come true--and how it then turned into a nightmare for all of them. At the height of their fame, Sabbath discovered they'd been so badly ripped off by their managers they didn't even own their own songs. They looked for salvation from Don Arden--an even more notorious gangster figure, who resurrected their career but still left them indebted to him, financially and personally. It finally came to a head when in 1979 they sacked Ozzy: For being too out of control--even for us, as Bill Ward put it. The next fifteen years were a war between the post-Ozzy Sabbath and Ozzy himself, whose solo career overshadowed Sabbath so much that a reunion was entirely on his terms. Or rather, those of his wife and manager--to add a further bitter twist for Sabbath, daughter of Don Arden --Sharon Osbourne.
