Reviews

These types of publication is the greatest publication available. It really is filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Prof. Lenna Beatty III)

WOMEN'S HEALTH: A PRACTICAL GUIDE FOR HEALTH PROFESSIONALS (1ST NEW EDITION)

Radcliffe Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Women's Health: A Practical Guide for Health Professionals (1st New edition), Sarah Bekaert, This is a highly practical symptom-based manual of common women's conditions. The patient-centred approach provides invaluable guidance on diagnosis, treatment and further investigation. Conditions are grouped as menstrual, hormonal, sexual, breast, urinary, pregnancy, or weight related, and within these areas each symptom is listed alphabetically for ease of reference. A helpful summary of each condition is included where possible to provide an overview, in non-technical language, for the patient. Concise and easy-to read, it is the ideal ready reference for any busy healthcare professional, especially doctors and nurses in primary care hospital emergency departments. 'Despite brilliant advances in science, women's health needs are still mainly focused around their unique reproductive role: contraception, unplanned pregnancy, pregnancy, infertility, the loss of fertility, body image and self esteem. I wanted to bring together information that could be used across these and other areas where women seek health advice: general practice, accident and emergency, etc. in a simple quick reference format.' - Sarah Bekaert, in the Introduction.
